Dr. PRASADA RAJESH KUMAR

Principal, Windmill, Telangana, India

MEMORANDUM OF UNDERSTANDING

This memorandum of understanding (MOU) is entered into by 'MAM' (MAM) on the 07th day of October, 2023.

BY

M.A.M College of Pharmacy, Windmill Village, Telangana, Patancheru District, Andhra Pradesh 508001, which is represented by its Principal, Dr. M. Prasada Rajesh Kumar, the Executive, which expression, which executed by or signed by the subject or some authorized person in accordance with the constitution and usage.

AND BETWEEN

IGET School of Pharmacy, H.H. Chinnaya Knowledge City, Brahmapur, Andhra Pradesh 507001, the first party represented herein by its principal Dr. M. Krishna Rajesh Kumar also referred as second party.

1. Objectives of the MOU are:

- A. To promote and enhance academic interest between two institutions.
- B. To promote research and continuing education activities between institutions.

2. Technical areas of Collaboration:

- A. To provide academic information by delivering quality lecture on recent advanced topics.
- B. Usage of academic information for courses and faculty members.
- C. To facilitate the visiting faculty members (M) activities.
- D. To discuss the curriculum in interdisciplinary disciplines.

3. Proposed mode of Collaboration:

Essential activities involve the following:

- A. Co-operation and provision of information and training on mutual interest.
- B. A specific plan will be worked out by the parties depending upon availability of resources.

4. Term and Termination

- A. The faculty members and visitors on the faculty are invited to participate in the program.
- B. Both the host and guest agree to help, identify and promote the faculty members and researchers from the other institution to participate in recruitment, workshops and other events.
- C. Both the institutions will encourage the faculty to increase research in order to exchange knowledge.

5. Confidentiality

- A. Consented institutions agree to hold in confidence all information disclosed by the scientist as being confidential during the duration of MCA, and will not disclose the same to the third party without written consent of the other institution.
- B. The above confidentiality clause under this MOU includes the information disclosed by either institution before entering the MCA or independently developed unless information already available through public domain.

6. Governing Law

- A. Both institutions shall agree to the location of its headquarters as the venue for dispute resolution.

7. Intellectual Property Rights

- A. Institutions agree to respect each other's right in intellectual property. The Intellectual Property Rights that arise as a result of joint research and collaborative activity under the agreement will be worked out as a compromise that will be consistent with all laws but does not infringe on the rights of either institution.

8. Transfer and Devolution

- A. This MOU will be in force from the date signed by representatives of both institutions.
- B. The agreement will be in full force for a period of three years from the day of signing of the agreement, and it is expressed terminated by either party mutually agreed terms, in the case may be, will also extend to any the continuation of this MOU.
- C. Both the parties may terminate this MOU upon 30 calendar days' notice in writing, in the event of termination, both the parties have a discharge their obligation.

9. Arbitration Clause

- A. In case of dispute relating to any aspect of agreement cooperation, the Dispute of both the institutions will jointly resolve the dispute in a spirit of independence, mutual respect and shared responsibility.

FACULTY DEVELOPMENT PROGRAMME ON "RECENT ADVANCEMENTS OF ARTIFICIAL INTELLIGENCE IN PHARMACEUTICAL SCIENCES"

PROGRAMME REPORT

A five-day Faculty Development Programme was organized by IQAC, GIET School of Pharmacy, Andhra Pradesh, on "Recent Advancements of Artificial Intelligence in Pharmaceutical Sciences" from 11/07/2023 to 15/07/2023. The programme was started with light evening ceremony by 15/07/2023 followed by an inauguration of speaker by Dr.MCD (Deputy, Principal), IQAC School of Pharmacy.

The speaker of the Day 1 programme was Dr. B. Chaitanya and he presented the topic on "AI & Clinical Trials". The session helped the faculties understand importance of AI in clinical practice and economic benefit in clinical trials, helping researchers make informed decisions about trial modifications. AI can handle large volumes of clinical trial data, streamlining, organizing, and analyzing it more efficiently than traditional methods.

The guest speaker was Dr. S. Prasad of the Day 2 programme, which was held on 12/07/2023 and the presented a seminar on "AI in Drug Discovery and Development". The session made faculty aware of how AI can analyze vast amounts of biological data quickly, identifying potential drug targets and predicting drug-target interactions. And this session gave the importance of how AI algorithms can design new drug molecules by predicting their structure and activity, leading to the discovery of novel compounds.

The speaker of the Day 3 programme was Dr. A. S. Raju, and she delivered the presentation on "Integration of AI in AI". The session of programme helped the faculty understand how AI algorithms predict compound behavior before they exist, allowing us to make informed and

minimizing discomfort. This improves overall patient compliance and reduces treatment costs. The seminar highlights the transformative potential of AI in pharmaceutical manufacturing, leading to more efficient, cost-effective, and patient-centric solutions.

The guest speaker of the Day 4 programme was Dr. A. Srida Krishnakumari, and she delivered the lecture on "AI in Pharmaceutical Quality". The lecture stressed the importance of how AI enables real-time monitoring of critical drug reactions (CDRs), allowing for quicker detection and response to potential safety issues. Dr. Srida also explored how AI can integrate data from various sources, such as electronic health records, social media, and patient support programs, providing a comprehensive view of drug usage.

The guest speaker of the Day 5 programme was Dr. P. Anil Prasad, and she delivered the lecture on "Recent Advancements in AI in Pharmaceutical Chemistry". The lecture highlighted how AI can analyze individual molecules to predict potential interactions for disease prevention, such as vaccination schedules, lifestyle changes, and even tracking of antibodies and protein networks.

PROGRAM OUTCOMES

- A Post-Graduate Study Development programme was organized by MAAC, GIET School of Pharmacy on "Recent Advancements of Artificial Intelligence in Pharmaceutical Science" from 16.07.2024 to 18.07.2024.
- A team of 17 teaching faculty participants registered for the program from various institutions.
- The programme provides a good platform for exchange of information relating to Different Drug Discovery by AI, Improved Drug Design by AI, Application including the synthesis and activity of new drug molecules, synthesis of novel effective and targeted therapies, Personalized Medicine, Data Analytics by AI from various sources, such as genomics, proteomics, and metabolomics, providing a comprehensive understanding of disease mechanisms and potential treatment.
- The 1-day programme received a good response and feedback from the host IITB upon benefits.

"Herbal synergy" unveiling the pharmacological potential of plant constituents

Herbal synergy is a concept that refers to the combined effect of two or more herbs when used together. This concept is based on the idea that the combination of different herbs can create a synergistic effect, which is greater than the sum of the individual effects of each herb. This concept is used in traditional medicine to create more effective treatments for various ailments.

ABOUT US

GIET School of Pharmacy

GIET School of Pharmacy is a part of GIET, a premier institute of higher education in West Bengal. The school is established in 2014 and is currently offering B.Pharm. and M.Pharm. programs.

Our Vision

To provide quality education and training to students, to develop their skills and knowledge, and to prepare them for the challenges of the 21st century.

Our Mission

To provide quality education and training to students, to develop their skills and knowledge, and to prepare them for the challenges of the 21st century.

ADMISSION INFORMATION

For admission to the B.Pharm. program, students must have completed their 12th grade with Chemistry, Physics, and Mathematics. For the M.Pharm. program, students must have completed their B.Pharm. degree. The school offers a variety of courses and programs, and is committed to providing a high-quality education to all students.

ABOUT US

OUR HISTORY AND MISSION

Established in 2007, GIET School of Pharmacy is a premier institution dedicated to higher education. The mission is to provide quality education and research in pharmacy, preparing students for a successful career in the pharmaceutical industry.

OUR ACADEMIC PROGRAMS

GIET School of Pharmacy offers a wide range of undergraduate and postgraduate programs in pharmacy, including B.Pharm, M.Pharm, and Ph.D. The curriculum is designed to provide students with a strong foundation in pharmaceutical sciences and practical skills.

GIET School of Pharmacy is a member of the Association of Pharmaceutical Educators in India (APEI) and is affiliated with the University of Jammu. The school is also a member of the Indian Pharmaceutical Association (IPA) and the Indian Society for Pharmaceutical Education (ISPE).

GIET School of Pharmacy is a member of the Association of Pharmaceutical Educators in India (APEI) and is affiliated with the University of Jammu. The school is also a member of the Indian Pharmaceutical Association (IPA) and the Indian Society for Pharmaceutical Education (ISPE).

Implementing innovative Research Methods through Best Funding Strategies

GIET School of Pharmacy is committed to providing the best quality education to its students. The school is also committed to providing the best quality research and funding opportunities to its faculty and students. The school is currently implementing innovative research methods through best funding strategies. This includes the use of advanced research equipment, the hiring of experienced faculty members, and the provision of state-of-the-art facilities. The school is also committed to providing the best quality research and funding opportunities to its faculty and students. This includes the use of advanced research equipment, the hiring of experienced faculty members, and the provision of state-of-the-art facilities.

FACULTY DEVELOPMENT PROGRAMME ON "UNLOCKING INNOVATION: RESEARCH METHODOLOGY AND FUNDING STRATEGIES"

PROGRAMME REPORT

A Five days Faculty Development Programme was organized by KVAFSU, GIET School of Pharmacy, Rajkota, Odisha, on "Unlocking Innovation: Research Methodology and Funding Strategies" from 20/12/2024 to 24/12/2024. The programme was started with light lunching ceremony by chief guest followed by the inauguration of speaker by Dr. M.D. Dhanya, Principal, GIET School of Pharmacy.

The guest speaker was Dr. S. Sundar of Faculty I programme started was started by Dr. S. Sundar and he presented a seminar on "Unlocking Innovation: Research Methodology and Funding Strategies of Research". The seminar made faculty aware of how to work with time and resources to develop experimental design, materials, procedures and highlight significant results and trends to provide context by reviewing relevant literature and outline how the projects progress will be monitored and evaluated. The various highlights of his guidelines that will help a staff to complete their research efficiently, funding process, and meeting other standards to research.

The speaker of the Day 2 programme was Dr. P. Prasad and he presented the seminar on "Experiment of Innovation and Research Culture in Academic Setting and Entrepreneurship". This seminar helped the faculty understand how a strong research culture provides evidence-based decision-making, reducing risks and increasing the likelihood of success for startups.

The speaker of the Day 3 programme was Dr. A. Thirumangalakudi and he delivered the programme on "Drug discovery and its application". The session of programme helped faculty how effective reference management is crucial for maintaining the integrity and credibility of a manuscript. Learning consistency is becoming throughout the manuscript. Program concluded with a speech and song.

PROGRAM OUTCOMES

- A five days Faculty Development programme was organized by KJAC, IITIT School of Pharmacy on "E-learning Innovation: Research Methodology and Teaching Strategies" from 05.02.2024 to 09.02.2024.
- A total of 15 faculty members participated in the program for professional development.
- The programme provided a good platform for exchange of information relating to the teaching & research methodology with effective teaching strategies and related content, for the benefit of students and their intellectual growth in terms of learning an appropriate research methodology, experimental, theoretical, qualitative, quantitative based on research process and systems. To develop a critical plan of action for the intellectual analysis.
- The 5 days programme was a great success and the faculty by using the FDP were benefited.

The guest speaker of the Day 4 programme was Dr. T. Anjaneyulu, and he discussed the "Insights on" "Future Prospects in Drug Design and Development". The lecture stressed that the future of drug design and development is heavily leaning, with several advancements poised to revolutionize the field and advance it towards self-powered medicine by enabling the development of targeted drug systems to individual genetic profiles, improving patient outcomes.

The guest speaker of the Day 7 programme was Dr. P. Harinaga Prasad, and he delivered the lecture on "Current Methodology in Drug Discovery and Life Science". The lecture highlighted current methodology in drug discovery and life science. Dr. Prasad's systematic approach to identify, develop, and test new drugs for various target identification, Lead Discovery, Lead Optimization, Preclinical Testing, Clinical Trials and Regulatory Approval.

MEMORANDUM OF UNDERSTANDING On Academic training and cooperation between

Lenora Institute of Dental Sciences, Rajahmundry, E. G. District, A.P
and
GIT School of Pharmacy, Rajahmundry, E. G. District, A.P.

1. Purpose

With the object of promoting the co-operation & academic exchange and friendly relations between Lenora Institute of Dental Sciences Rajahmundry (LIDS) and GIT School of Pharmacy Rajahmundry, individually the "Party" and collectively the "Parties" here after the following Memorandum of Understanding (MOU).

2. Scope of Co-operation

Within each field as is mutually acceptable for the Parties, the following forms of co-operation, amongst others, may be pursued hereinafter:

- Sharing the syllabuses for Post Graduate students.
- Co-operation in academic projects for specified areas of development.
- Opportunities for mutual visits & cooperation.

3. Specific Co-operation Program

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN

GGET School of Pharmacy & NRI College of Pharmacy

This MOU is made and entered into on 07-11-2023 between GGET School of Pharmacy, Rajamahendravaram, East Godavari District, A.P and NRI College of Pharmacy, Bhanuvasavada, Agalupalle Mandal, Krishna District, Andhra Pradesh. This MOU shall be valid for a period of 1 year (i.e., from 07-11-2023 to 06-11-2024) and each party (GGET School of Pharmacy, Rajamahendravaram & NRI College of Pharmacy, Bhanuvasavada) would be at full liberty to terminate the collaboration with a notice period of 1 month. Upon mutual agreement, the MOU can be extended for every academic year.

The objectives of an MOU are:

1. To promote and enhance academic & research collaboration between the institutions.
2. To exchange students to participate in conferences, seminars, workshops and short-term courses.
3. To utilize the expertise of senior faculty as resource persons.
4. To promote research and continuing education activities between the institutions.
5. To give joint research and collaborative activity an impetus benefit.

PRINCIPAL
NRI College of Pharmacy
BOTHAVASAVADA (R)
Agalupalle (M), Krishna District

1. To facilitate the usage of academic infrastructure for students and faculty members on a mutual basis.
2. To enhance the extracurricular activities.

Terms and conditions

1. This MOU will be in force from the date up to one year, it is signed by representatives of two institutions.
2. This agreement does not involve any financial transactions between the two parties.
3. This agreement will be legitimate for a period of one year from the day of signing of this agreement and it is expressed herewithal by either party on mutually agreed terms, on the same may, will take effective steps for the implementation of this MOU.
4. Both parties may terminate this MOU upon 30 calendar days notice in writing. In the event of termination, both parties have to discharge their obligations.

All the aforementioned objectives and terms and conditions of collaborative can be fulfilled through both online & offline modes depending upon the mutual consent based on the schedules and manpower requirement of both the institutions.

Effective Date and Signature

This MOU shall be effective upon the signature of Parties A and B authorized officials. It shall be in force from 07/11/2023 to 06/11/2024.

Necessary to an essential activity. For all of us, US, boys, we think gathering subject information, learn about the world, and find solutions. There are many different types of research, but they all fall into one of two categories: basic and applied. Basic research is all about information gathering, and research questions. Applied research is the focus about a subject, finding out why things happen, looking for solutions, and then using this expanded knowledge to solve problems in the world. There's nothing wrong with the world around us. It helps us solve some primary data about a subject, which we can use later in applied research. Without that basic information on a subject, we wouldn't have the data we need to make important decisions.

That's why there's research in other fields throughout research. The information we gather through basic research gives us a foundation of knowledge we can build on in the

A friendly welcome to "Basis in Research" of GIET School of Pharmacy

A friendly welcome to "Basis in Research" got approved by QAC Cell, GIET School of Pharmacy. Right only checks Protocol on 17/08/2021 for starting with PI and IG studies.

Dr. D. Vamsi Krishna, Professor, Institute, MRC College of Pharmacy, Rajahmundry, Krishna District acted as a chief guest & speaker and Dr. H.D. Divyanka, Principal, GIET School of Pharmacy was presiding over the inaugural function. The welcome address was delivered by Dr. T. Deepa.

The inaugural function was addressed by the moderator "Basis in Research" presented by Dr. D. Vamsi Krishna. He discussed Basis research, also known as translational, translational, or pre-clinical, is a systematic study that aims to increase knowledge and understanding of a subject or phenomenon. It often starts by creating and a model or mechanism the "why" and "how" of things. It also uses the Basis research is a type of scientific research used to understand and control our knowledge about a specific phenomenon or field. This research sometimes called "fundamental" or "pure" whereas scientific knowledge is normally understood a subject, topic, or phenomenon. The research is usually a study or finding a full body of knowledge on a specific subject.

Foreign rights refer to the legal protection granted to investors or foreigners by countries in their home country. When a contract is made in a specific country, it is usually possible to enforce it in the territory of the country to which the contract was made. Foreign rights refer to the protection of foreign investments in a country where the investor is granted to make an investment. Foreign rights refer to the protection of foreign investments in a country where the investor is granted to make an investment.

A meeting was held on Design Patent at GIET School of Pharmacy

A meeting was held on Design Patent registered by IQAC CoE, GIET School of Pharmacy, Rajamahendrapur, India (Date: 22/08/2023) and (To) all members.

Dr. P. Aparna, Professor, SRI College of Pharmacy, Teltala, Hyderabad, Andhra Pradesh and IQAC Coordinator & speaker and Dr. N.D. Dharma Raju, Principal, GIET School of Pharmacy was presiding over the inaugural function. The welcome address was delivered by Dr. N.P. Srinivas.

The inaugural function was followed by the Speaker on Design Patent by Prof. P. Aparna. She discussed on Design patent is a legal protection for the visual appearance of a manufactured item, such as a design, configuration, or ornamental decoration. It is a type of intellectual property (IP) protection that gives the patent holder exclusive rights to use the design for a set period of time. The design and the design patent is a type of legal protection for the visual appearance of a manufactured item. It may be granted for products with a defined design configuration, or ornamental decoration. The patent law provides for the granting of design patent to inventor/ inventors of new, original and ornamental design for an article of manufacture.

ABOUT US

GIET School of Pharmacy is a leading institution in the field of pharmacy education. We are committed to providing quality education and training to our students, preparing them for a successful career in the pharmaceutical industry.

Our faculty consists of highly qualified and experienced professionals who are dedicated to providing the best possible education to our students. We offer a wide range of courses and programs, including B.Pharm, M.Pharm, and Ph.D. We also provide practical training and internships to our students, ensuring they are well-prepared for the industry.

"Herbscience" - unveiling the pharmacological potential of plant constituents

Herbscience is a multidisciplinary approach to studying the pharmacological potential of plant constituents. It involves the study of the chemical composition of plants, the isolation and identification of active constituents, and the evaluation of their pharmacological activity. This approach is essential for the development of new drugs and the optimization of existing ones.

Our research focuses on the identification and isolation of active constituents from natural sources, the study of their pharmacological activity, and the development of new drugs based on these constituents.

FACULTY DEVELOPMENT PROGRAMME ON "SERIAL SYNERGY: UNVEILING THE PHARMACOLOGICAL POTENTIAL OF PLANT CONSTITUENTS"

PROGRAMME SUMMARY

A Five days Faculty Development Programme was organized on 12th, 13th, 14th, 15th & 16th of Pharmacy School, Ballari, on "Serial Synergy: Unveiling the Pharmacological Potential of Plant Constituents" from 12th/2023 to 16th/2023. The programme was started with light breakfast followed by a visit to the institute followed by the inauguration of seminar by Dr. N.D. Shetty, Principal, GIET School of Pharmacy.

The guest speaker was Dr. S. Srinivas Reddy of the Day 1 programme who was held on 12th/2023 and he presented a seminar on "Serial Multiple Kinetics and Serial Synergy: A Theoretical Approach". The seminar dealt with the concept of the serially combination of serial kinetics has been a topic of extensive research. Clinical trials and pharmacological studies are conducted to assess the safety and efficacy of serial kinetics.

The speaker of the Day 2 programme was Dr. J. Kishore and he presented the topic on "Challenges and Solutions in Pharmacokinetic studies". The seminar helped the faculty understand importance of designing standardized protocols for the synthesis and analysis of biogenic compounds and incorporating ground studies to understand the genetic makeup of medicinal plants.

The speaker of the Day 3 programme was Dr. M. Prasad Babu and he delivered the presentation on "AI in Herbal Drug Standardization". The seminar of programme helped faculty understand how the research like High-Performance Liquid Chromatography (HPLC) and Gas Chromatography (GC) can used to separate and quantify herbal compounds.

The guest speaker of the Day 4 programme was Dr. C. Vasanth Kumar, and he delivered his lecture on "Role of HPTLC in Identification of Herbs (Part 1)". The lecture covered the importance of HPTLC to carry the chemical confirmation of medicinal plants and develop new herbal products and also HPTLC helps in checking quality control, for the quality and safety of herbal medicines by providing reliable and reproducible results.

The guest speaker of the Day 5 programme was Dr. E. Karthikeyan, and he delivered his lecture on "Traditional, Ayurvedic and Unani Healing approaches for healthcare and wellness". The lecture highlighted how combining traditional, herbal, and holistic healing approaches can provide a balanced path to health and wellness, complementing conventional medical treatments.

PROGRAM OBJECTIVES

- A Bachelor's Degree in Pharmaceutical program was organized by GIET, GIET School of Pharmacy as "Bachelor's Degree in Pharmacy (Pharmaceutical Practice) (Four Semesters)" from 1986 till to 1998/1999.
- A total of 11 working faculty members engaged in the program from various institutions.
- The program provided a good platform for exchange of information leading to the development of better academic, global and creative mind and identifying the active compounds in herbs for utilization in therapeutic effects. Teaching conventional and herbal medicine was done through practical sessions and projects respectively. New advanced methods for pharmaceutical practice give a new insight analysis of the chemical structures of plants, using the diversity of new therapeutic agents.
- The UGC programme received a performance and Teaching faculty from the HEP (pharmaceutical).

ABOUT US

GIET SCHOOL OF PHARMACY

Established in 2006, GIET School of Pharmacy is a premier educational institution in the field of pharmacy. The school is recognized by the Ministry of Health, Government of Andhra Pradesh and is ISO 9001:2015 Certified.

OUR COURSE OFFERS

GIET School of Pharmacy offers a wide range of courses in pharmacy. The courses are designed to provide students with the necessary knowledge and skills to excel in their careers. The school also offers a variety of extracurricular activities to help students develop their leadership and teamwork skills.

GIET School of Pharmacy is a leading institution in the field of pharmacy. The school is committed to providing students with the highest quality of education and training. The school also offers a variety of extracurricular activities to help students develop their leadership and teamwork skills.

Unlocking Innovation Research Methodology and Funding Strategies

In the fast-paced world of pharmaceutical research, staying ahead of the curve is essential. This course is designed to equip you with the knowledge and skills to unlock innovation, research methodology, and funding strategies. You will learn how to identify potential, develop innovative solutions, and secure the funding needed to bring your ideas to life. This course is a must for anyone looking to advance their research and make a significant impact in the pharmaceutical industry.

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN

GIET School of Pharmacy (Party A) & VJ's College of Pharmacy (Party B)

This MOU is made and entered into on 15-11-2023 between GIET School of Pharmacy, Rajamahendravaram, East Godavari District, A.P. and VJ's College of Pharmacy, East Godavari District, A.P. This MOU shall be valid for a period of 1 year i.e., from 15-11-2023 to 15-11-2024 and each party (GIETSP, Rajamahendravaram and VJ's Rajamahendravaram) would have full liberty to terminate the collaboration with a notice period of 3 months. Upon mutual agreement, the MOU can be extended for every academic year.

Objectives of the MoU:

1. To provide an exchange of knowledge in the field of Pharmacy.
2. To provide an exchange of knowledge in the field of Research & Innovation.
3. To encourage student ability & self-driven self-education.
4. To utilize the facilities in an appropriate manner.

Dr. M. S. DHANA RAJ

 Rajamahendravaram 522 02 (A.P.)

B. Nagesh
 PRINCIPLE
 VJ's College of Pharmacy
 District, Rajamahendravaram

Goals of Collaboration:

1. Allowing the exchange of knowledge through guest lectures, seminars, workshops and conferences.
2. Enhancement of faculty academic teaching skills through Faculty Development Programmes (FDP)
3. Exchange of best practices.

All the aforementioned objectives and goals of collaboration can be fulfilled through both online & offline mode depending upon mutual consent based on the schedule and purpose of involvement of both institutes.

AGREED by Both the parties

ABOUT US

GIET School of Pharmacy is a leading institution in the field of pharmacy education. We are committed to providing quality education and training to our students, preparing them for a successful career in the pharmaceutical industry.

Our faculty consists of highly qualified and experienced professionals who are dedicated to imparting knowledge and skills to our students. We offer a wide range of courses in various branches of pharmacy, including B.Pharm, M.Pharm, and Pharm.D. We also provide practical training and internships to our students, ensuring they are well-prepared for the industry.

"Innovating" learning by providing the best of both worlds - theory and practice.

Pharmacy education is a blend of theory and practice. At GIET School of Pharmacy, we provide a comprehensive curriculum that covers both aspects. Our students receive theoretical knowledge through lectures and practical training through laboratory work and internships. This holistic approach ensures that our graduates are not only knowledgeable but also skilled and ready to take on the challenges of the pharmaceutical industry.

ABOUT US

GIET School of Pharmacy is a premier institution in the field of Pharmacy Education. The school is a pioneer in offering Bachelor's Degree and M.Pharm programs in India. For more details visit www.giets.edu

Pharm.D. Program is a 5-year integrated program in Pharmacy. It is a highly demanding course for students. The program is designed to provide students with a strong foundation in Pharmacy. The program is designed to provide students with a strong foundation in Pharmacy. The program is designed to provide students with a strong foundation in Pharmacy.

B.Pharm. Program is a 4-year program in Pharmacy. It is a highly demanding course for students. The program is designed to provide students with a strong foundation in Pharmacy. The program is designed to provide students with a strong foundation in Pharmacy. The program is designed to provide students with a strong foundation in Pharmacy.

Unlocking Innovation Research Methodology & Funding Strategies

This course provides a comprehensive and practical approach to research methodology and funding strategies. It covers the entire research process, from identifying a research problem to securing funding and disseminating findings. The course is designed for students who are interested in pursuing a research career in the pharmaceutical industry. The course is designed for students who are interested in pursuing a research career in the pharmaceutical industry. The course is designed for students who are interested in pursuing a research career in the pharmaceutical industry.

SHIYAL CHEMICAL (MADRAS)

(Pharmaceutical Formulation Unit)

15, G.N.T Road, Sakthimangaly, Chennai-600 115 India

Mail: shiyal@shiyal.com or shiyal@shiyalchemicals.com

Ref No: PU/011/001/24-25

Dated 23.11.2023

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN

GRT SCHOOL OF PHARMACY, Sakthimangaly

&

SHIYAL CHEMICAL (MADRAS), CHENNAI

(DESKTOP TRAINING, COLLABORATIVE RESEARCH, PLACEMENT AND RELATED SERVICES)

This Memorandum of Understanding (hereinafter referred to as the "MOU") is entered into on this 23rd day of November 2023 between GRT School of Pharmacy and between SHIYAL CHEMICAL (MADRAS), CHENNAI.

THE GRT School of Pharmacy, Sakthimangaly, hereinafter referred to "First Party", the institution which operates within excluded by or recognized to the subject or career shall include the necessary - (a) office, administration and support.

AND

SHIYAL CHEMICAL (MADRAS), CHENNAI, the Second Party, and is entered into by the Director (hereinafter referred to as "Second Party") operating with operations, a firm excluded by or recognized to the subject or career shall include the necessary - (a) office, administration and support.

In particular, the MOU is intended to:

1. Enhance student training, using the resources of GRT School of Pharmacy, Sakthimangaly, Andhra Pradesh
2. Augment the mutual interest in the field of research, training & development and dissemination of knowledge.

3. Conduct practical training in Entrepreneurship for women.
4. Conduct self-help group operations.
5. Assist the students in establishing their own business.
6. Arrange the placement of the trained women.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HERETO AGREE AS FOLLOWS:

CLAUSE 1

Co-operation

- 1.1 Both parties are united by common interest and objectives and they shall maintain channels of communication and co-operation that will promote and advance their respective operations. The parties shall keep each other informed of potential opportunities and share all information that may be relevant to some mutual opportunities for co-operation.
- 1.2 The co-operation between First Party and Second Party will facilitate effective utilization of the collected capabilities of the Second Party providing significant inputs in terms of technology, viable business training systems, helping to meet the needs of the First Party.

CLAUSE 2

SCOPE OF THE MOU

- 2.1 Both parties believe that close co-operation between the two would be a major benefit to the entrepreneurship to enhance their skills and knowledge.
- 2.2 The Second Party will give valuable inputs to the First Party in teaching, training, counselling as that the students learn the industrial concepts successfully.
- 2.3 The interaction between industry and IIT School of Business, Rajasthan will give an insight into the latest developments/requirements of the industry; the Second Party is permit the Faculty and Students of the First Party to visit to ground companies and also conduct Industrial Training Programs for the First Party. The industrial training and exposure provided to students through the association will build confidence and prepare the students to have a smooth transition from students to working career. The Second Party will provide an Lab/ Workshop/

Industrial Sites for the hardware testing of the learners enrolled with the First Party.

24. The Second Party will train the students of the First Party on the emerging technologies in order to bridge the gaps and meet their needs in the industry.
25. The Second Party will attend the necessary meetings before participation in the students of the First Party on the technology trends and industry requirements.
26. The Second Party will actively engage to help the delivery of the training and placement of students of the First Party into the industry.

CLAIMS

Validity

11. The validity of this agreement is one year from the date of agreement.
12. Both Parties hereto reserve the right upon 30 calendar days' notice in writing to be served of termination, both parties have to discharge their obligations.

Memorandum of Understanding

This Memorandum of Understanding (hereafter called as the 'MOU') is entered into on this 25th day of November Two Thousand twenty three:

BETWEEN

Chebboli Ramanujah Institute of Pharmaceutical Sciences, Chandrababaiapuram, Chandrababai, Guntur-522 015, Andhra Pradesh, represented herein by its Principal, (hereafter referred to as 'First Party'), institution which represents, which is related by its signature to the subject of mutual deal herein to commence – in-office, administration and output.

AND

GCET School of Pharmacy, Chaitanya Knowledge City, 501-16, Rajamahendravaram 522 596, Andhra Pradesh, represented herein by its Principal (hereafter referred to as 'Second Party'), institution which represents, which is related by its signature to the subject of mutual deal herein to commence – in-office, administration and output.

(First Party and Second Party are hereafter jointly referred to as 'Parties' and individually as 'Party').

Principal,
GCET SCHOOL OF PHARMACY
Chaitanya Knowledge City
Rajamahendravaram - 522 596

Dr. S. VITHAL REDDY, Secretary,
Pharmacy & Health
Department, G.P.O. & Government
Pharmacy, Devalapuram, Guntur,
Andhra Pradesh - 522 015

WITNESSES:

10. Each Party and Board Party believe that collaboration and co-operation between themselves will promote more efficient use of each of their resources, and provide each of them with a valued opportunity to meet the needs of the students and all other stakeholders.
11. Both Parties, being legal entities in themselves desire to sign this MOU for a binding & enforceable document.
12. Both Parties are agreed to engage in Skill Development, Training, Education and MSB Services in the fields of offering higher education in planning, construction and related fields.

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HEREBY AGREE AS FOLLOWS:

CLAUSE 4 CO-OPERATION

11. Both Parties are agreed by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and achieve Vision and its related steps. The Parties shall keep each other informed of potential opportunities and shall share information that may be relevant to more additional opportunities for one another.
12. First Party and Board Party co-operation will include effective utilization of the institutional capabilities of the faculty of First Party providing the latter a gain in knowledge, skills, training and learning systems.
13. The general terms of co-operation shall be governed by this MOU. The Parties shall cooperate with each other and shall, as appropriate to a mutually preferred, enter into all relevant agreements, formal and informal (the "Collaborative Documents") as may be required to give effect to the vision contemplated by terms of this MOU. The terms of Collaborative Documents shall be mutually drafted between the Parties, along with the Collaborative Documents, this MOU shall represent the entire understanding of the subject matter hereof and shall supersede any prior understanding between the Parties on the subject matter hereof.

ABOUT US

Introduction to Medicines

Medicine is the study of the treatment of disease. It is a branch of pharmacy that deals with the diagnosis, prevention, and treatment of disease. The study of medicine is a multidisciplinary field that involves the study of anatomy, physiology, biochemistry, and pathology.

Research Interest

GIET School of Pharmacy is a leading institution in the field of pharmacy. We are currently looking for research interest in the following areas:
 1. Drug discovery and development
 2. Pharmaceutical quality control
 3. Clinical pharmacy
 4. Pharmaceutical education
 5. Pharmaceutical management

GIET School of Pharmacy is a leading institution in the field of pharmacy. We are currently looking for research interest in the following areas:
 1. Drug discovery and development
 2. Pharmaceutical quality control
 3. Clinical pharmacy
 4. Pharmaceutical education
 5. Pharmaceutical management

Unlocking Innovative Research Methodology and Funding Strategies

Unlocking Innovative Research Methodology and Funding Strategies is a comprehensive guide to the latest research methodologies and funding strategies. The book covers a wide range of topics, including the design and implementation of research projects, the identification of funding opportunities, and the development of effective research proposals. The book is written by leading experts in the field and is an essential resource for researchers and funding agencies alike.

[A Unit of Pallavan University Trust]

Approved by AICTE, New Delhi & Govt. of Tamil Nadu, Department of Pharmacy, Chennai
at 104/4, Mylapore Road, T. Nagar, Chennai - 600 017.**TYENGADELLAM & POST - 621 302.****KANCHEEPURAM****KANCHEEPURAM DISTRICT, TAMILNADU, INDIA.**

Date: 01/04/2024

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN**GIET School of Pharmacy & PALLAVAN PHARMACY COLLEGE**

This MoU is made and entered into on 04-12-2023 between GIET School of Pharmacy, Rajahmundry, East Godavari District, A.P and Pallavan Pharmacy College, Kanchipuram, T.N. This MoU shall be valid for a period of 1 year i.e., from 04-12-2023 to 03-12-2024 and both party (GIETSP, Rajahmundry and Pallavan Pharmacy college, Kanchipuram) would be at full liberty to terminate the collaboration with a notice period of 1 month. Upon mutual agreement, the MoU can be extended for every academic year.

Objectives of the MoU:

1. To utilize the facilities for research activities.
2. To exchange of knowledge in the field of Pharmaceutical Sciences.
3. To utilize the expertise of senior faculty as resource persons.
4. To facilitate the usage of outside information for students and faculty members on a regular basis.
5. To promote research & innovation etc.,
6. To develop self-development and skills among the students.
7. To enhance infrastructure facility.

Modes of Collaboration:

1. Allowing for exchange of knowledge through guest lectures, seminars, workshops and conferences.
2. Improvement of faculty members teaching skills through Faculty Development Programmes (FDP)
3. To encourage any other activities that best the institutions agree to be of mutual benefit.
4. Exchange of best practices.

All the administrative objectives and needs of institutions can be fulfilled through both online & offline modes depending upon mutual consent based on the abilities and response requirements of both institutions.

Effective Date and Signature

This MOU shall be effective upon the signature of Parties A and B authorized officials. It shall be in force from 09-12-2023 to 09-12-2028.

Both the Parties agreed with the MOU.

A. Objectives of the MOU

- 1) To promote and enhance academic interaction between BGCHEEP & IITM
- 2) To provide a venue for exchange of views of faculty of both sides on BGCHEEP & IITM
- 3) To promote research and development activities and foster business collaborations

B. Technical Area of Collaboration

- 1) A University Quality Improvement Programme to improve quality of teaching and IITM (being) a non-academic institution would assist in BGCHEEP. Faculty of BGCHEEP would also be sent to IITM for capacity building.
- 2) Possible academic activities by involving faculty members of both colleges of summer or winter sessions.
- 3) Possible capacity building in Regulatory, Accreditation/Assessment and Research Development Programme in BGCHEEP (involvement of faculty members of Faculty Staff and students of IITM)
- 4) Group of students of the school of BGCHEEP to visit students and faculty members.
- 5) To facilitate the visiting for students and faculty members.
- 6) Jointly sponsored Ph.D. thesis or projects for students (to MBE, funded University Grants)

C. Proposed Terms of Collaboration

BGCHEEP and IITM propose to collaborate through the following:

- 1) Exchange of personnel (academic and non-academic) as well as visits to each other.
- 2) In the other appropriate field of activities agreed upon between BGCHEEP and IITM. In specific projects to be carried out by the respective institutions upon availability of resources. In specific projects will be entered into formal contracts.
- 3) Terms and Conditions:
 - a) The faculty members and students of IITM can use the library facility of BGCHEEP in their own.
 - b) Both institutions agree to help faculty and staff for health, recreation and recreation from the other institutions pertaining to academic, residential and other non-academic.
 - c) This MOU can be amended, revised and renewed by mutual written agreement of the institutions at any time.
 - d) Either institution shall have the right to terminate this MOU upon 90 days written notice to the other institution.

Date: 15/12/2023

MEMORANDUM OF UNDERSTANDING

The memorandum of understanding (MOU) is entered into on 15th day of December 2023.

BY AND BETWEEN

GRIET School of Pharmacy, #11-16, GRIET Campus, Rajamahendravaram, East Godavari, Andhra Pradesh (531196), affiliated to Andhra University, Visakhapatnam the first party represented herein by its principal Dr. M.D. Shasankar (hereinafter referred to as first party, the latter five words expression, unless excluded by or repugnant to the subject or context shall include its successors, its officers, administrators and assigns).

And

Aadya College of Pharmacy, Vidyaashree Society, #814 Chelavara-571301, Karnataka, affiliated to KVAFSU, Mysore, Karnataka which is represented herein by its Principal & Professor Dr. M.S. Palkala (hereinafter referred to as second party).

The objectives of an MOU are:

1. To promote and enhance academic interest between two institutions.
2. To exchange students to participate in conferences, seminars, workshops and short-term courses.
3. To utilize the expertise of senior faculty as resource persons.
4. To promote research and continuing education activities between the institutions.
5. To plan joint research and collaborative activity on mutual benefits.
6. To facilitate the usage of academic infrastructure for students and faculty members on a mutual basis.

Terms and conditions:

1. This MOU will be in force from the date upto one year, it is signed by representatives of the institutions.
2. This agreement does not involve any financial involvement between the two parties.
3. This agreement will be legitimate for a period of one year from the day of signing of this agreement and it is expressed terminated by either party in mutually agreed terms, at the same way, will take effective steps for the implementation of the MOU.

4. Both parties may terminate this MOU upon 30 calendar days notice in writing. In the event of termination, both parties have to discharge their obligations.

All the aforementioned objectives and modes of collaboration may be fulfilled through both online & offline modes depending upon mutual consent based on the activities and compliance requirements of both institutions.

ABOUT THE PROGRAM

Agribiotics are extremely abundant found in deep soil layers of most agricultural systems in regions of activity. Most recent research focuses on growth promotion. These are the first bacterial cells on the soil surface, or in the soil with organic matter. They have the ability to produce antibiotics, which are usually responsible for inhibiting bacterial growth. Some concentrations of these are high enough to inhibit "opportunistic" bacteria that specifically target plants, such as those that cause plant diseases. Some have the ability to produce a thick layer of protective material on a plant's surface, which is effective against environmental stresses. The ability of agribiotics to promote plant growth is a major area of research. Some studies have shown that these bacteria can be used to improve plant growth. The use of agribiotics in agriculture is a promising area of research. The use of agribiotics in agriculture is a promising area of research. The use of agribiotics in agriculture is a promising area of research.

An antibiotic is the most important type of antimicrobial agent for fighting bacterial infections, and antibiotic medications are widely used in the treatment and prevention of such infections. They may appear as oral tablets, the growth of bacteria. A limited number of antibiotics also possess antiparasitic activity. Antibiotics are not effective against viruses and the most widely used antibiotic kills or otherwise stops the growth of viruses in initial antiviral drug use. Antibiotics are also an effective means to prevent disease which inhibits growth of fungi and other organisms.

Admission to B.Pharm (Hons) 2024-25 is open. For details visit www.giet.ac.in or contact the Admissions Office at 0172-2691911. The last date for application is 15th August 2024. For more information, visit www.giet.ac.in.

GIET School of Pharmacy is a leading institution in the field of pharmaceutical education. We offer a wide range of courses, including B.Pharm (Hons), M.Pharm, and Ph.D. Our faculty consists of highly qualified and experienced professionals. We provide a state-of-the-art infrastructure, including modern laboratories, a well-equipped library, and a dedicated hostel for girls. Our placement cell provides excellent opportunities for our students to secure jobs in leading pharmaceutical companies. For more information, visit www.giet.ac.in.

"Herbal synergy" involving the pharmacological properties of some constituents.

Herbal synergy involves the combination of multiple natural ingredients, often resulting in a more potent and comprehensive effect than any single constituent might provide. This concept is rooted in the idea of synergistic interactions, where the combined effect of two or more substances is greater than the sum of their individual effects. In the context of herbal medicine, this synergy can be observed in the way different plant constituents work together to enhance each other's pharmacological properties. For example, certain herbs may contain compounds that inhibit the metabolism of other active ingredients, thereby increasing their bioavailability and effectiveness. This synergistic effect is a key principle in the development of many traditional and modern herbal formulations. The scientific study of these interactions is a complex task, requiring a deep understanding of the pharmacology of the individual constituents and the mechanisms of their interactions. This research is crucial for optimizing the efficacy and safety of herbal products.

GIET School of Pharmacy

"HERBAL SYNERGY" UNVEILING THE PHARMACOLOGICAL POTENTIAL OF PLANT CONSTITUENTS

Registration schedule	
Registration	15-08-24 to 30-08-24
Exam 1	01-09-24
Exam 2	11-09-24
Exam 3	18-09-24
Registration (renewal)	01-10-24

Unit 1: Fundamentals of Herbal Synergy

Unit 1: Introduction to Herbal Synergy

Unit 2: Applications of Herbal Synergy

Unit 3: Case Studies on Herbal Synergy

Unit 4: Research Methods in Herbal Synergy

Herbal Synergy: A Comprehensive Approach

ABOUT US

OUR VISION AND MISSION

GIET School of Pharmacy is a premier institution in the field of Pharmacy Education. Our vision is to provide quality education to the students and to be a center of excellence in the field of Pharmacy Education.

OUR AIMS AND OBJECTIVES

GIET School of Pharmacy is committed to providing quality education to the students and to be a center of excellence in the field of Pharmacy Education. Our aims and objectives are to provide quality education to the students and to be a center of excellence in the field of Pharmacy Education.

Unlocking Innovation Research Methodology and Funding Strategies

In this digital paradigm, research and development is becoming a critical component for achieving the drug learning business objectives. With emerging digital solutions, including machine learning, big data, and cloud computing, the pharmaceutical industry is facing new challenges and opportunities. This course is designed to equip students with the skills and knowledge needed to succeed in this rapidly changing landscape. The program covers the entire research and development process, from target identification to clinical trial optimization. The program is designed to provide students with the skills and knowledge needed to succeed in this rapidly changing landscape.

A society named as "Trust Corporation for Pharmacy Education" has registered by IQAC Cell, GIET School of Pharmacy, Rajamahendravaram - 511026 for meeting staff PG and PH students.

By Kaveri Raja Jagananna, Professor, Mahatma Jyoti Pharmacy College, Kothuru, Chaitanya Knowledge City, Rajamahendravaram - 511026 and Dr. M.D. Dhanraj (M.Phil) School of Pharmacy, Rajamahendravaram for the last year students. The welcome address was delivered to DCC Cell.

The inaugural function was addressed by the vice-chancellor "Trust Corporation for Pharmacy Education" Dr. K. Suresh Babu Jagananna. He discussed Pharmacy offers available in the pharmaceuticals to its graduates in terms of business or by starting their own business. It is possible to work with the various areas of pharmacy:

- community pharmacy: including drug retail chains, independent pharmacies, and in business retail chain stores, OTC, cosmetics and health care items.
- hospital pharmacy: both within the PHU and private hospitals.

Once you are a qualified pharmacist you can also work as a short temporary replacement pharmacist, either in a well-organized basis or through an agency.

You can also find work in a pharmacy practice with pharmaceutical companies in local and MNC companies. A career path in research and development, quality assurance, marketing, sales and management.

- Biotech industry you can work as a Biotech pharmacist in the Biotech, Ayurveda and Food Additive.
- universities and research institutions - for a career as a academic pharmacist
- voluntary pharmacy practice - you may work as a voluntary pharmacist for charitable

professions, university voluntary schools, for pharmaceutical industries, and government departments and agencies such as the Pharmacy Council in Chandrababu.

Dear Sir, Subject to "Women entrepreneurship" in GIET School of Pharmacy

One day seminar on "Women entrepreneurship" has organized by IQAC, GIET School of Pharmacy, Rajahmundry Anna's University on 24-10-2023 (a PD and 170 participants)

Dr. S. Naga entrepreneurship, Assistant Professor, George College of Pharmacy, Guntur, Andhra Pradesh as a chief guest & speaker and Dr. M. S. Bhargava, Principal, GIET School of Pharmacy was presiding over the inaugural function. The welcome address was delivered by Dr. S. Manoharini.

The inaugural function was followed by the seminar on Women entrepreneurship by eminent Prof. S. Naga entrepreneurship. He stressed on Women entrepreneurship, it may be defined as a woman or a group of women who identify, organize and run a business concern.

The main focus of "Why women become entrepreneurs?"

1. To become economically independent
2. To establish business enterprise
3. To establish her identity in the society
4. To achieve freedom to their activities
5. To fulfill her desire to start a business
6. To develop risk assuming ability
7. To take responsibility in the society

ABOUT US

Our vision & commitment

GIET School of Pharmacy is committed to providing quality education and training to students in the field of Pharmacy. We are dedicated to the development of our students and to the advancement of the pharmaceutical industry.

Our commitment

GIET School of Pharmacy is committed to providing quality education and training to students in the field of Pharmacy. We are dedicated to the development of our students and to the advancement of the pharmaceutical industry.

Our motto

GIET School of Pharmacy is committed to providing quality education and training to students in the field of Pharmacy. We are dedicated to the development of our students and to the advancement of the pharmaceutical industry.

RECENT ACHIEVEMENTS OF GIET SCHOOL OF PHARMACY

GIET School of Pharmacy has achieved several milestones in its short history. It has been recognized as a leading institution in the field of Pharmacy education. The school has produced many successful graduates who are contributing to the pharmaceutical industry. The school is committed to providing the best possible education and training to its students.

Programmer Schedule

Registration	08:00 AM to 08:30 AM
Session 1	09:00 AM to 10:00 AM
Tea and snacks	10:30 AM to 11:00 AM
Session 2	11:30 AM to 12:30 PM
Session 3	02:00 PM to 03:00 PM
Voluntary Programs	03:30 PM to 04:30 PM

"Herbology" unveils the pharmacological potential of plant constituents.

Herbology unveils the pharmacological potential of plant constituents. It is a branch of pharmacy which deals with the study of natural products of plants for their medicinal uses. The study involves the identification, isolation, purification, and characterization of natural products. The study also involves the study of the pharmacological actions of these products and their use in the treatment of various diseases.

The study of natural products is a branch of pharmacy which deals with the study of natural products of plants for their medicinal uses. The study involves the identification, isolation, purification, and characterization of natural products. The study also involves the study of the pharmacological actions of these products and their use in the treatment of various diseases.

MEMORANDUM OF UNDERSTANDING

This memorandum of understanding (MOU) is entered into on 18th day of December 2023.

BY AND BETWEEN

Lydia College of Pharmacy, 50-15, Uthaman, Dr. B.R. Ambedkar Government Medical College, Prakash Street, affiliated to Andhra University, Visakhapatnam. The first party represented herein by its principal Dr. S. Manohar Babu (hereinafter referred to as first party), the institution which represents, agrees entered by or through its the subject of contract shall include its necessary to allow, administration and output.

And

GET School of Pharmacy, 50-16, GET Campus, East Coastal, Andhra Pradesh 531206, affiliated to Andhra University, Visakhapatnam which is represented herein by its Principal & Professor Dr. N.D. Divya Raju the second party.

Dr. N.D. DIVYA RAJU
Principal & Prof. M.D
GET SCHOOL OF PHARMACY
50-16, District's Knowledge City

Dr. S. Manohar Babu
Principal & Prof. M.D
Lydia College of Pharmacy
50-15, Uthaman

The objectives of an MOU are

1. To promote and enhance academic interest between two institutions;
2. To encourage students to participate in conferences, seminars, workshops and other extra-curricular;
3. To utilize the expertise of senior faculty as resource persons;
4. To promote research and continuing education activities between the institutions;
5. To give joint research and collaborative activity on mutual benefits;
6. To facilitate the exchange of academic information for students and faculty members on a regular basis.

Terms and conditions

1. This MOU will be in force from the date up to one year, it is signed by representatives of two institutions.
2. This agreement does not involve any financial transactions between the two parties.
3. This agreement will be legitimate for a period of one year from the day of signing of this agreement, until it is renewed/terminated by either party or mutually agreed terms, in the same way, will take effective steps for the implementation of this MOU.

A meeting was held on "Article writing skills for journals" inaugurated by IQAC Cell, UGC
School of Pharmacy, Hyderabad by Andhra Pradesh on 21-01-2024 for meeting with PG and
UG students.

Dr. V. Vinayaka Rao, Associate Professor, Gokul College of Pharmacy, Narasimpet, acted as
a chief guest & speaker and Dr. M.D. Dhanya Raju (PhD) School of Pharmacy, inaugurating and
for the guest function. The welcome address was delivered by Dr. C. Daya.

The inaugural function was followed by the session on "Article writing skills for journals"
by Dr. V. Vinayaka Rao, Associate Professor in Pharmacy with a research article journal for publication.
Pharmaceutical and healthcare professionals who are undertaking research should have an
understanding of how to produce a research article for publication, and the areas of the
journal-publication relating to a research in a pharmaceutical journal. To do so, that the
development of a research article can be helpful. On the provision of scientific writing and
the advancement of effective writing skills, allowing authors to participate in broader
scientific discussion beyond their scope of practice or discipline. However, words for the
full impact of research to be achieved and to have any effect on the wider research and
clinical community, it must be published in an accessible way.

ISO 9001:2015 Certified Institution

ADMISSION

Post Graduate Diploma in Pharmacy

The Institute offers a Post Graduate Diploma in Pharmacy (PGDIP) in the following branches:
 1. Pharmaceutics
 2. Pharmaceutical Chemistry
 3. Pharmaceutical Microbiology
 4. Pharmaceutical Quality Assurance
 5. Pharmaceutical Regulatory Affairs
 6. Pharmaceutical Sales and Marketing
 7. Pharmaceutical Management
 8. Pharmaceutical Law
 9. Pharmaceutical Economics
 10. Pharmaceutical Statistics

Admission Procedure

1. Application Form: Candidates should fill in the application form and attach the required documents.
 2. Entrance Exam: Candidates will be called for an entrance exam.
 3. Interview: Candidates who qualify the entrance exam will be called for an interview.
 4. Admission: Candidates who are selected will be admitted to the course.

Fee

The fee structure for the Post Graduate Diploma in Pharmacy is as follows:
 1. Application Fee: Rs. 500/-
 2. Entrance Exam Fee: Rs. 1000/-
 3. Interview Fee: Rs. 500/-
 4. Tuition Fee: Rs. 10000/-
 5. Hostel Fee: Rs. 5000/-
 6. Mess Fee: Rs. 2000/-
 7. Transport Fee: Rs. 1000/-
 8. Miscellaneous Fee: Rs. 500/-

Pharmaceutical Quality Assurance

The Institute offers a Post Graduate Diploma in Pharmaceutical Quality Assurance (PGDIP) in the following branches:
 1. Quality Assurance
 2. Quality Control
 3. Quality Management
 4. Quality Improvement
 5. Quality Auditing
 6. Quality Risk Management
 7. Quality System Development
 8. Quality System Maintenance
 9. Quality System Improvement
 10. Quality System Evaluation

Programme Schedule

Registration Fee	2000.00 to 5000.00
Student Fee	10000.00
Fee refundable	5000.00 to 10000.00
hostel	5000.00
Mess	2000.00
Transport	1000.00
Miscellaneous	500.00

ABOUT US

GIET School of Pharmacy, established in 2005, has been a pioneer in providing quality education in the field of Pharmacy. The school is committed to providing a world-class education to its students, equipping them with the skills and knowledge necessary to excel in their careers.

The school offers a wide range of programs, including B.Pharm, M.Pharm, and Ph.D. The faculty is highly qualified and experienced, ensuring that students receive the best possible education. The school also provides state-of-the-art facilities, including a library, laboratory, and computer center. GIET School of Pharmacy is a leader in the field of Pharmacy education, and we are committed to providing a world-class education to our students.

Pharmacology: Unveiling the Pharmacological Potential of Plant Constituents

The intricate relationship between the chemical structure of a plant constituent and its pharmacological activity is a key area of research in natural product pharmacology. This course explores the vast world of plant-derived compounds, from alkaloids and glycosides to terpenoids and polyphenols. We delve into the mechanisms of action of these compounds, their interactions with biological targets, and their potential applications in drug development. The course also covers the synthesis and purification of plant constituents, as well as the use of modern analytical techniques to identify and characterize them. By the end of the course, students will have a deep understanding of the pharmacological potential of plant constituents and be equipped with the skills to conduct research in this field.

DENTAL COLLEGE & HOSPITAL

Memorandum of Understanding (MOU) between KIMS Dental College & Hospital and GERT School of Pharmacy

MEMORANDUM OF UNDERSTANDING (MOU) BETWEEN:

KIMS Dental College & Hospital & GERT School of Pharmacy

This MOU is made and entered into on 21-03-2023 between KIMS Dental College and Hospital (KIMSDCH), Hospiguda, Karimnagar, Karnataka (ML, A.P. and GERT School of Pharmacy, Rajinayakanki, A.P. This MOU shall be valid for a period of 1 year i.e. from 21/03/2023 to 20/03-2024 and both party (Germi KIMSDCH and GERTSP, Rajinayakanki) would be at full liberty to terminate the understanding with a notice period of 3 months. Upon mutual agreement, the MOU may be extended for every academic year.

Objectives of the MOU:

1. To promote exchange of knowledge in the field of Dentistry and Pharmacy
2. To promote exchange of knowledge in the field of Medical and other Allied Sciences
3. To encourage students to enhance their self skills and self-development.
4. For the purpose of conducting research activities

Mode of Collaboration:

1. Allowing exchange of knowledge through guest lectures, seminars, (Continuing Dental Education) CDE, programs.
2. Allowing improvement of teaching skills via Faculty Development Program (FDP)

3. Allowing improvement in quality of education via Student Exchange Programmes (SEP)

All the educational objectives and goals of education can be met through both colleges & centre modes depending upon the mutual consent based on the academic and respective requirement of both the institutions.

MEMORANDUM OF UNDERSTANDING (MoU)

BETWEEN

UII SCHOOL OF PHARMACY

&

THE HEALTH CARE FOR

TRAINING, PLACEMENT, SKILL DEVELOPMENT,
R&D SERVICES AND OTHER ACADEMIC MATTERS

(To be signed by the representatives of both parties)

NOW THEREFORE, IN CONSIDERATION OF THE MUTUAL PROMISES SET FORTH IN THIS MOU, THE PARTIES HEREBY TO AGREE AS FOLLOWS:

2. CO-OPERATION

Both Parties are united by common interests and objectives, and decided to work together in an open, transparent, and mutually beneficial way to improve the quality of life of the community through the following:

The work of The Health Centre will support the government's structural reform and economic activities in accordance with the government's policy. The program will be implemented in accordance with the government's budget and financial arrangements. The program will be implemented in accordance with the government's budget and financial arrangements. The program will be implemented in accordance with the government's budget and financial arrangements.

3. SCOPE OF THE MOU

- The Center realizes that the community will play a key role in technological adaptation, innovation and transformation of an industry. Both Parties agree that close cooperation between the two would be of great benefit to the student community by sharing their skills and knowledge.
- Curriculum Design: Social Partnership participates in the process and uses the First Party's expertise, including the such activity. The cooperation may be sought in meeting / holding meetings and visits, as well as the participation in the business to use the available science and technology.
- Industrial Training & Value Addition: Industry and Institution interaction will give an insight to the local development / requirements of the industry. The Second Party may provide the facility and facilities of the First Party to visit its group companies and also involve in industry Training Programs for the First Party. The industrial training and exposure provided to students and faculty through this interaction will build confidence and prepare students to face a revolutionized from academic to working world. The Second Party will provide to Labor / Vocational / Technical Unit for the business training of the business created with First Party.

Research and Development: Both Parties have agreed to carry out the joint research activities in the field of law medicine. The outcome of the R&D work to be subject to the INTELLECTUAL PROPERTY section of this MoU.

Skills Development/Programme/Work: Both Parties will cooperate in the development of courses, skills development, research/technology and business related events and programs.

Expert Lectures: Second Party is invited for necessary support to deliver expert lectures in the Institute of the First Party on the technology trends and business opportunities and networks.

Faculty Development Programme/Work: First Party will facilitate the First Party for supporting training as per the requirement in connected undergraduate, or postgraduate courses.

Training and Placement of Students: Second Party will actively engage to help the delivery of the training and placement of students of the First Party into various projects and will facilitate placement for the students.

Conferences, R&D and other Academic Matters: The Parties will invite corporate executives for conferences and other academic activities, as well as a profile of research on either's part. If such activities arise, the terms mentioned in the ADDENDUM section of this MoU shall be applicable.

4. ADDENDUM

Any dispute arising with respect to interpretation of this MoU shall be settled through mutual consultations and agreement by both Parties.

In the event of non-resolution of dispute through mutual consultation, the Parties hereby submit to the exclusive jurisdiction of the Singapore Courts of Law. The arbitration shall be conducted in accordance with Arbitration and Conciliation Act of 1996 and the venue of the arbitration shall be in Singapore jurisdiction of Singapore.

5. DISCUSSION

The formation of Understanding that become effective according to both Parties and that issues is called for a decision of THE UJ you know. It needed to work better with mutual agreement.

The best way to work out is called that by going their conflict' with and writing it's something that of our, with the spirit.
